Floorcare

So you can continue to enjoy your Secura floorcovering for years to come, a regular cleaning regime is required to help keep it looking as new. Regular cleaning is more beneficial to the floorcovering and more cost effective than occasional heavy cleaning.

Ensure that you regularly:

✓ Sweep or vacuum your floor to remove any dust and loose dirt

✓ Mop with a neutral cleanser to remove any stubborn marks, rinse with clean water and allow to dry

Protection for everyday wear:

✓ Install mats at all entrances to pick up excess dirt and grit which might scratch the floor

✓ Ensure all cleaners and detergents are diluted as per the manufacturer’s instructions. For recommended products for use with Secura, visit www.polyflor.com and go to the product pages

✓ Fit protective pads to all furniture legs to prevent scratches when moved across the floor

The Secura collection comes complete with a polyurethane reinforcement (PUR) to protect against everyday wear.
