

Office

**J. Soares Correia
Maia, Portugal**

**PRODUCTS USED:
Affinity255 PUR**

Heavy commercial Affinity255 luxury vinyl tiles were chosen for the office areas at iron warehouse company J. Soares Correia. Over 100 years old and with several warehouses in Portugal, J. Soares Correia distributes products such as iron bars, pipes, plates, wire, nets, mesh and nails.

Over 300m² of Affinity255 flooring in the Harvest Oak design were installed in the reception area and office space.

Developed for heavy traffic commercial environments where there are high levels of footfall, the durable Affinity255 collection features an eclectic mix of 16 authentically reproduced wood plank designs in a wide plank format, incorporating both traditional styles and contemporary trends.
