

POLYFLOR™
COVERING THE WORLD

Office

**Off Edge
Penarth, UK**

**PRODUCTS USED:
Camaro PUR**

Camaro PUR luxury vinyl tiles were installed to create a contemporary small office space for Cardiff property development company.

Fitted by Marcus Howells Flooring Services, Camaro luxury vinyl tiles in Burnished Concrete were used in offices, a meeting room with a snooker table desk and light up staircases at Off Edge in Penarth.

The building was a former Royal British Legion Club which has been converted into modern offices. The Burnished Concrete tile design fits in perfectly with the industrial look of the building.

Camaro is suitable for light commercial interiors such as small offices like this one and boutique shops, as well as residential interiors.
